

# Kim Herro for Town of Concord Supervisor

*Remember to vote on April 4*

## **Who am I?**

I grew up in the neighboring Town of Summit. I was a student at Oconomowoc Area School District. I graduated from UW–Madison, majoring in Agricultural Economics. My family and I have lived in the Town of Concord since 2003, choosing the community for its rural character and strong Farmland Preservation status. We live on a hobby/operating farm. I have had the privilege of enjoying the benefits and rewarding work efforts of rural living since 2001. I am a small business/manufacturing owner. I have served on non-profit boards/committees, including the Girl Scouts of Wisconsin, the Oversight Committee for the Jefferson County Comprehensive Land Use Plan and Farmland Preservation Plan Update, the OASD School Board, and Save the Park of Dodge County (purchasing the privately owned Harnischfeger Park and converting it to a county park). Also, I co-own and manage the Concord Zoo. I am honest, frugal, community minded, and an advocate for wise land use and planning.

## **What is my platform?**

Keeping the Town of Concord's rural character and sense of community is my main goal. I have had the experience of watching the communities that surround the Town of Concord develop at a relatively rapid pace. It has not lowered their taxes; on the contrary, it raised them. I was involved in the first Comprehensive Plan in 2009 and the update in 2022. Both plans included community involvement and input from the residents of Concord. The results confirmed that the residents of the Town of Concord desire for the Town of Concord to retain its rural character. I am running for Town Supervisor to support and adhere to our 2022 Comprehensive Plan, Farmland Preservation, and Land Conservation.
